Full-Time Salaried GP Post (Job Share Considered)

St Ann's is an innovative, cohesive & friendly town centre training practice, we are proud of our team and their efforts to achieve high level QoF targets, we received an overall 'good' rating at our CQC visit and aim to achieve outstanding rating at our review. Our team consists of 6 partners (including 1 CCG member) 5 salaried GPs, 3 registrars, a large nursing team which includes 3 ANPs, and 40 non clinical support staff. We enjoy the buzz of our large team, and the support we can offer to each other.

Our main surgery site was purpose built in 2004, with dedicated rooms for all our GPs, we have 2 branch surgeries (both recently modernised) from which we provide quality primary healthcare for our 18,000 patients of mixed social classes. Our EMIS Web clinical software is linked across our 3 sites.

Due to retirement we are seeking a dedicated, enthusiastic, full-time salaried GP to join our team. Responsibilities would include typical surgery sessions, home visits and all relevant patient care admin procedures e.g. referrals to secondary, other health care providers, action lab results. You would also be required to attend practice and partnership meetings, be involved with the development of the practice and the ever changing face of the NHS and ensure your personal on-going clinical updates and development.

Competitive Salary, 6 weeks holiday and defence fees paid by the practice.

Please apply online, provide your CV or contact the practice for informal enquires:-
